

ADDENDUM NO. 1

REQUEST FOR TENDER (RFT)

CSIRORFT2026019 - GROUND MAINTENANCE SERVICES FOR CSIRO MANAGED SITES VIC METRO

This Addendum is issued on 29 July 2026 by CSIRO in response to questions received. CSIRO accepts no responsibility if a Tenderer fails to become aware of any alteration, correction or notice, which would have been apparent from a visit to the AusTender website or from other information available from the CSIRO Contact Officer.

Please email any questions in relation to this RFT to the CSIRO Contact Officer at:

EMAIL	CSIRORFT2026019@CSIRO.au
RFT CLOSING TIME AND DATE	2:00pm (Local ACT time) on 17 August 2026

ADDITIONAL SITE VISIT DATES		
CSIRO will be holding additional site visits on the below dates. Tenderers who attended previous site visits are not required to attend the additional site visits.		
Site	Site Address	Site Visit Time
Clayton Precinct (Clayton, Clayton North, Notting Hill)	Main Reception Research Way, Clayton	Thursday 6 August 2026 9am – 11am
Aspendale	Main Reception Robertson Parade, Aspendale	Thursday 6 August 2026 1pm – 2pm
Werribee (Sneydes Rd, South Road)	Main Reception 671 Sneydes Rd Werribee	Wednesday 5 August 11am – 12pm
CLARIFICATION QUESTIONS		
Q1	Who pays for the supply of mulch? CSIRO or supplier?	
A1	The Contractor shall pay for the mulch. If possible, the Contractor should utilise mulches processed from trees and branches from our site. Otherwise please ensure all externally sourced mulches are free from contaminants, i.e. asbestos and SMF. The Contactor may then pass on the cost to CSIRO.	

CLARIFICATION QUESTIONS	
Q2	The grounds maintenance tender has mentioned that both the 10th and 17th are mentioned as the closing date on the same page.
A2	The closing date is 2:00pm (Local ACT time) on 17 August 2026
Q3	If the hedges in courtyard etc exceed 1.8 metres whose responsibility, is it?
A3	The Contractor will also be responsible for hedges above 1.8m.
Q4	What quantity of Mulch per year is estimated per site. Are the volumes able to be quantified?
A4	The Clayton site is estimated to use 20m3 of mulch each quarter. The other sites operate on an ad hoc basis.
