

ADDENDUM NO. 2

REQUEST FOR TENDER (RFT)

CSIRORFT2026019 - GROUND MAINTENANCE SERVICES FOR CSIRO MANAGED SITES VIC METRO

This Addendum is issued on 5 August 2026 by CSIRO in response to a clarification question. CSIRO accepts no responsibility if a Tenderer fails to become aware of any alteration, correction or notice, which would have been apparent from a visit to the AusTender website or from other information available from the CSIRO Contact Officer.

Please email any questions in relation to this RFT to the CSIRO Contact Officer at:

EMAIL	CSIRORFT2026019@CSIRO.au
RFT CLOSING TIME AND DATE	2:00pm (Local ACT time) on 17 August 2026

CLARIFICATION QUESTIONS	
Q1	Section 1.18 Sustainable Procurement outlines CSIRO's commitment to achieving net zero Scope 1 and 2 emissions by 2030 and net zero supply chain emissions by 2050, demonstrating a clear commitment to reducing emissions. We also note that Section 1.8 Equipment states that no equipment, fuel or charging apparatuses are to be stored on site. Could you please confirm whether contractors are permitted to charge battery-powered equipment onsite during normal working hours, or whether all charging must occur offsite?
A1	Yes, contractors will be permitted to charge their batteries during normal working hours. They will need to disconnect and remove them from site when they finish for the day and leave site.
